

μ

This topographic map depicts the Steinkamp Lake State Recreation Area in Idaho. The map features a grid system with section numbers (e.g., 21, 22, 23, 24, 25) and township/meridian labels (e.g., T23N, R25E). Key geographical features include the Snake River, several reservoirs (East Park, Oak Park, Steinkamp, Crouse, and Matt Warner), and the Diamond Mountain Plateau. A red line outlines the boundary of the recreation area. A scale bar at the bottom left indicates distances from 0 to 6 miles. The map also shows various creeks, gulches, and mountain peaks, including Diamond Mountain and Split Mountain.
